Eurythmia Ensemble Tour 2023

Revived by Voice

choral director **catherine field-leather**

This summer, like medieval minstrel troupes of old, Eurythmia Ensemble wander through some of North Yorkshire's beautiful and historic churches, breathing new life into their ancient stones: ***a choral restoration***

Experience a 40 minute taster in Wensley, or join us in Coverham for our evening concert. A choral feast including the works of Vaughan Williams, Gilbert and Sullivan, Sarah Quartel, Schubert...

Churches Conservation Trust: the national charity protecting churches at risk, repairing damage from years of neglect, and working with local communities to bring them back to life.
